

# Grain storage site to be opened at meeting

FREE Eyre will hold its annual general meeting on Friday at Rudall.

It will begin with the official opening of the EP Storage grain handling and storage site at Taragoro.

People are welcome for the chairman's afternoon where they can hear about four businesses investing in Eyre Peninsula and how FREE Eyre is getting involved with them.

FREE Eyre chief executive officer Mark Rodda

said FREE Eyre was now looking to find what services and needs were wanted on Eyre Peninsula.

Because of the size of Eyre Peninsula and the different conditions in which producers were in, feedback has varied in what they have suggested Free Eyre look into, Mr Rodda said.

People can register their interest by phoning FREE Eyre on 8363 5010 or email [info@free-eyre.com.au](mailto:info@free-eyre.com.au)
